Auditors' Responsibility

Our responsibility is to express an opinion on these interim condensed financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the interim condensed financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the interim condensed financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the interim condensed financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the interim condensed financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

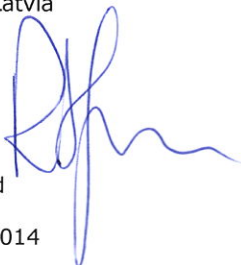

Opinion

In our opinion, the interim condensed financial statements of the Company have been prepared, in all material respects, in accordance with International Accounting Standard 34, as adopted by the European Union.
